

# Children's Activities

Children at Azura Benguerra Island will be spoilt for choice when it comes to spending time here with us. We offer a host of activities many of which can be done without parents as they will be supervised by Azura's guides, hosts and activity coordinators.

One of the obvious focuses is on the amazing pristine environment here on Azura Benguerra Island. Children can enjoy learning about interesting wildlife on the island, experience cultural encounters and perhaps learn a new skill or two. With miles of deserted beach...it's paradise here for families too!

## CHARGED ACTIVITIES:

### *Learn to snorkel*

**USD 75 PER CHILD**

Children that would like to learn how to Snorkel in the water or refresh their skills can visit us at the Water-Sports Centre. Our Water-Sports staff can teach children correct techniques at the Centre's Pool. We even have a selection of smaller goggles and snorkels for little ones! Afterwards head out to 2-mile reef and the aquarium which has some of East Africa's best snorkelling. Along the way we often spot dolphins as well as humpback whales in season (Jul-Oct). For those less experienced, to maximise your time on the reef and the enjoyment of your guide snorkelling experience, we recommend getting accustomed to the snorkelling equipment in the vicinity of the hotel before.

*Duration: ½-1 hour*

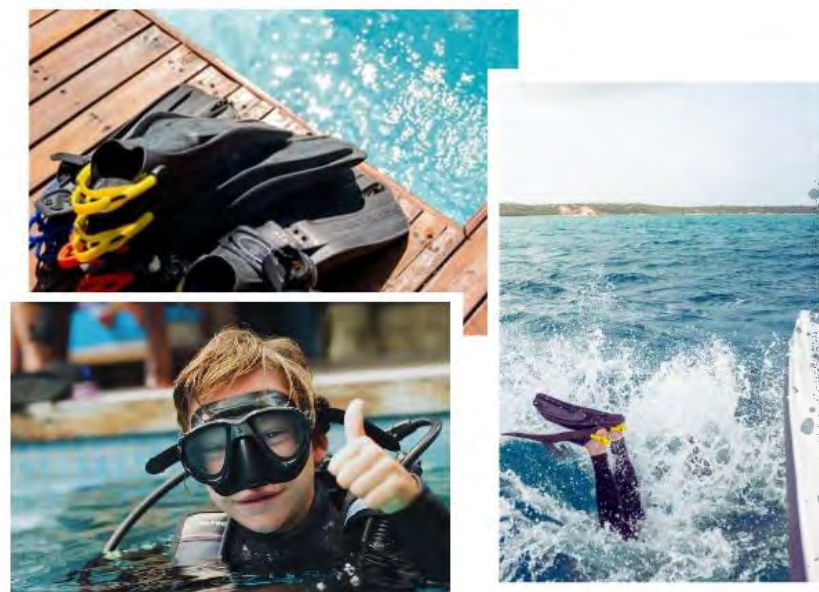

### *Learn to dive*

Azura has a PADI 5 Star dive centre with a dedicated dive training pool.

We offer the PADI Bubblemaker course from age 8 as well as the PADI discover scuba from age 10.

This is the perfect preparation for children & teens to go through before jumping into the warm sea waters and hanging out with the marine inhabitants of our reefs close up. Take the Plunge.

## Bubblemaker

**USD 100 PER CHILD**

The Bubblemaker experience is as fun as it sounds - a chance for kids to blow bubbles whilst scuba diving. Kids from the age of 8 can get the thrill of using scuba gear to breathe underwater and swim around in the safe and shallow environment of our training pool. It is a great way to introduce kids to scuba diving. After a short brief, kids then hop in the pool where they learn basic key skills. After that, the rest of the time is just having fun blowing bubbles.

*Duration: 1½ hours*

## Discover Scuba Diving

**USD 195 PER CHILD**

A perfect introduction to the underwater world. You will learn some basic theory then be taught 5 key underwater skills in the training pool. Afterwards head out on the boat and go for your first dive. You will receive a certificate that counts towards your full Open Water course should you decide to move forward with your training within the next 6 months. The pool session takes approximately one hour and the open water dive in the ocean is a 2 hour round trip. Available for everyone ages 10 and above.

*Duration: 1-2 days*

## Fishing

**USD 95 PER BOAT PER HOUR**

Our fishing guides will happily take children out for fishing trips, and we have rods and tackle that suit all ages and abilities. Head out to the reefs to catch a variety of fish including Giant Trevally or go trawling the deep seas to catch the family's supper (we do ask that a parent accompany younger children). We also offer fishing at the nearby lakes for Tilapia, which is always a hit with the little ones as a catch is virtually guaranteed by all.

Best done at sunset, and great fun to release the fish into Azura's pond when you get back.
