The geographical isolation of Alphonse Island creates an atmosphere of undisturbed solitude where guests forget about the outside world and immerse themselves in all the natural wonders and unique experiences that the island has to offer. An action-packed holiday, romantic sojourn, or an idyllic beach break, Alphonse Islands offers both exhilarating and relaxing experiences.

ACTIVITIES

Experiences are Our Luxury...

** COMPLIMENTARY ACTIVITIES ON ALPHONSE ISLAND

ALL ACTIVITIES ARE AVAILABLE ALL YEAR ROUND | PRE-BOOKINGS WELCOME

ALPHONSE CYCLE TOUR**

A guided tour across Alphonse stopping at major landscapes and seascapes for guests to familiarize themselves with the forest trails and most secret spots on the island. During the tour guests will be informed about the early settlers of Alphonse and the changes from indigenous forest to coconut plantation. Learn about birdlife, fish and plants as you see every corner of the island with our knowledgeable guides.

BIJOUTIER ISLAND VISIT

Stroll the deserted beaches and swim in crystal clear calm water on Bijoutier Island. This is a hotspot for turtle nesting. Guides will explain the life cycle of the beautiful turtles from hatching to laying their own eggs. Guests may get lucky and peer into the depths of the forest to see the nests of the Wedge-tailed Shearwater, perhaps a mother or chick too!

FLATS FLY FISHING

The Alphonse Group is one of the most famed saltwater flyfishing destinations in the Indian Ocean and one of the most prolific bonefish fisheries in the world. St Francois is approximately seven miles long and four miles wide, consisting of white sand bottoms interlaced with channels and cuts. Try your hand on a full or half day of fly fishing with our experienced Alphonse Fishing Co. Guides wading over 10 000 acres of hard white sand flats in search of the various species the Alphonse Group has on offer.

BLUE WATER FISHING

Experience offshore fishing like never before... The unspoilt waters of Alphonse, Bijoutier and St Francois atolls are home to a vast variety of blue water species. The structure and sheer drop-offs are idyllic for species such as sailfish, wahoo, dogtooth tuna, yellowfin tuna and dorado. On each given day there is an opportunity to fight the reel and target these species for either a full or half day.

GUIDED FLY FISHING ON ALPHONSE

Based directly on Alphonse Island, the Alphonse Guides are equipped to explore the outer shores right outside your doorstep. Guests get to experience unlimited site fishing like no other from the comfort of the Island. Experience either a full or half day with one of the experienced Guides. On Alphonse guests get to boast about their bonefish species amongst friends at dinner!

ICS WALK**

Established in 2007, the Island Conservation Society [ICS] Centre has ensured the key aspects of the ecosystem is well maintained and cared for. The ICS team offer activities upon the island such as Turtle Patrol, Giant Tortoise viewing and feeding and bird-watching. This is something everyone on Alphonse holds very close to their hearts. Without their sound knowledge, the ecosystem on the atoll would not be how it is today.

INDEPENDENT ACTIVITIES**

The cycling/running paths around the island pass through coconut groves and lead to the various private and secluded beaches on Alphonse. Guests are provided with a map for the directions and distances of these routes. The entertainment area situated near reception has a snooker table and there is table tennis, a giant chess set and a tennis court available near the swimming pool.

Kayaks, paddle boards and stand-up paddle boards are available for guests wanting to explore the island independently. Snorkelling is a great way to see what marine life resides beneath!

ISLAND SPECIALITIES

EACH WEEK GUESTS ARE OFFERED A FEW LUXURIES ALPHONSE ISLAND IS RENOWNED FOR:

SUNDOWNERS ON THE BEACH**

DE-TACKLING DRINKS**

Every Friday guests join the Alphonse guides and team at the Barnacle Bar for a social de-tackling gathering. While the guides de-tackle, guests enjoy drinks with fellow fishing/diver partners celebrating the week's achievements. Remember, every fish counts.

KAYAK**

Kayaks are a perfect and non-intrusive way to get up close to turtles and rays around the flats and allow guests to enjoy Alphonse from a new perspective. A guided tour by nature experts who will point out seabirds and spot fishermen's delights such as bonefish, permit and triggerfish.

For something more private and personal kayaks are readily available for guests use. This way guests get to appreciate the untouched exquisiteness of Alphonse Island solely at their own pace. On this expedition guests get to appreciate the untouched view of the white sand and crystal clear waters whilst spotting juvenile turtles, eagle rays, eels and see all types of nature come together. Partake in an optional volunteer biodiversity survey and gather baseline data about all the species found deep in the sea grass meadows, under rocks and squeezed into crevices in the reef platform.
