Tanda Tula

SOUTH AFRICA

Updated: February 2024

GENERAL INFORMATION

CLASSIFICATION	PREMIER: Private camp Open all year.
LAND RELATIONSHIP	Timbavati Private Nature Reserve is a collaborative effort of individual landholders who protect over 53,000 hectares (131,000 acres) within the Greater Kruger National Park.
OVERVIEW	Owned and managed by three African families, Tanda Tula presents an exceptional wildlife viewing experience in the Timbavati from its newly rebuilt Safari Camp. The Tanda Tula safari is characterized by their warm hospitality, excellent guiding, and a profound sense of African generosity.
IMPACT OF YOUR STAY	LOW MEDIUM HIGH VERY HIGH Tanda Tula is dedicated to empowering communities and preserving wildlife spaces through responsible business practices. Their focus on community development includes education, small business support, NGO establishment, and environmental awareness. With guest support, they contribute to vital projects in the Timbavati and Greater Kruger National Park. Each guest pays a daily Sustainability Levy, which includes the Timbavati Conservation Levy, Tanda Tula Foundation Contribution, Land Management Fees, and a Community Levy.
ACCESS	Scheduled flights ex Johannesburg and Cape Town in/out of Hoedspruit (HDS) Airport, followed by a 45-minute road transfer. Private charter with Federal Air ex Johannesburg and Nelspruit in/out Rockfig Airstrip, followed by 15-minute game drive to camp.
CAMPS	Safari Camp – 7 suites on a per person per night rate, and 2 family suites on a per suite per night rate.
CHILDREN	Safari Camp – 6+ years. No child-minding services are available.
HEALTH	Malaria area – low risk. No vaccinations required. Very good medical services available with call out doctors and emergency services.

WEATHER

Sub-tropical climate with a hot, wet season and cold, dry season. The summer temperatures are hot, and the rains can increase the humidity, while the winter is fairly mild with the potential of cold mornings and nights. Layers are recommended year-round.

JANUARY – MARCH
16 – 28 °C | 60 – 83 °F

Rainy season, typically with afternoon showers. The green landscapes welcome exceptional birding and “baby season” brings an increase in predator-prey interactions.

APRIL – JUNE
14 – 22 °C | 57 – 73 °F
The rains begin to subside as the temperatures lower. Cool evenings and mornings but beautiful days. Superb safari season for game drives and walks.

JULY – SEPTEMBER
8 – 19 °C | 46 – 66 °F
Cool and dry. The best time of year for wildlife viewing and long bush walks, with comfortable daytime temperatures and shorter grasses.

OCTOBER – DECEMBER
13 – 25 °C | 55 – 77 °F
Temperatures start to rise as the rains begin in December. Wildlife is attracted to the scarce water sources, providing incredible game viewing opportunities.

NEED TO KNOW

CLASSIC CLASSIFICATIONS:

P – Premier: These camps/lodges feature luxurious amenities and are priced at a higher tier.

C – Classic: These camps/lodges offer a more down-to-earth experience and are priced at a mid-level rate.

E – Expedition: These experiences are best suited for small groups or trips led by private guides.

IMPACT OF EACH GUEST STAY:

L – Low

M – Medium

H – High

VH – Very High

Based on the following 4 considerations we look at the positive impact that each guest is making by staying here:

- Transferability: What percentage of the daily rates is allocated to conservation and community initiatives?
- Removability: What impact would arise if the property were absent? Are there alternative lodges in the vicinity that continue to make positive contributions?
- Responsibility: To what extent does the property handle management privately, and how much is overseen as a concession under a collaborative arrangement?
- Fragility: How vulnerable is the surrounding environment and community?
