The Safari Collection  
**Siruai Mobile Camp**

LAIKIPIA, KENYA

# General Information

**CLASSIFICATION** **CLASSIC:** 1 camp. Annual closure from 16 Jan – 31 May & 16 Oct – 14 Dec. Privately owned.

**LAND RELATIONSHIP** The camp is located in the privately owned and managed, 43,000-acre Suyian Ranch.

**OVERVIEW** Siruai Mobile Camp operates on exclusive use only, allowing guests to explore Laikipia independently and freely. Perched on a rocky ridgeline, the camp overlooks the Ewaso Narok River valley and the Laikipia Plateau, with views of Mount Kenya beyond. Most definitely off the beaten safari track, Siruai immerses you in a lesser known, wild pocket of Kenya and the incredible scenery of northwest Laikipia.

**IMPACT OF YOUR STAY** **LOW | MEDIUM | HIGH | VERY HIGH**  
The Safari Collection prioritizes responsible tourism, aiming to minimize environmental impact while sharing East Africa's natural wonders. Through the Footprint Trust, The Safari Collection supports a diverse range of conservation, health and education projects across Kenya which benefit the wildlife, wilderness and local communities. Each guests' stay contributes to their efforts through the Suyian Conservation Fee.

**ACCESS** Wilson Airport (WIL) - Daily scheduled flights to Loisaba Airstrip, plus a 45-minute game drive to camp. Private charters to the Suyian Airstrip, which is 10 minutes from camp.

**CAMP** 7 tents on exclusive use only. Base camp rate. Minimum 3-night stay.

**CHILDREN** All ages are welcome. The camp is not fenced and is surrounded by wilderness and rocky ground, so parents need to be watchful of their children.

**HEALTH** Low risk malaria area – seek advice from your healthcare professional. Full medical support available. Proof of yellow fever vaccination is required upon arrival in Kenya.

## Weather

Located on a plateau and at a higher elevation, Siruai experiences a cooler climate with sunny days but cold evenings and mornings. However, as it is based close to the equator, there is little variation in weather throughout the year.

**JANUARY – MARCH**  
9 - 22 °C | 48 - 72 °F  
Warmer temperatures with little chance of rain. The camp is usually closed at this time of year but can be opened if requested.

**JULY – SEPTEMBER**  
10 - 20 °C | 50 - 68 °F  
Chilly mornings and evenings but lovely warm days. The drier season gives way to perfect conditions to get out and explore.

**APRIL – JUNE**  
11 - 20 °C | 52 - 68 °F  
The camp reopens after the long rains end in May. Visit the wild swimming pool and kayak along the base of a waterfall.

**OCTOBER – DECEMBER**  
10 - 21 °C | 50 - 70 °F  
The camp closes mid-Oct before the short rains begin.

## CLASSIC CLASSIFICATIONS:

P – Premier: These camps/lodges feature luxurious amenities and are often priced at a higher tier.

C – Classic: These camps/lodges offer a more down-to-earth experience and are priced at a mid-level rate.

E – Expedition: These experiences are best suited for small groups or trips led by private guides.

## IMPACT OF EACH GUEST STAY:

L – Low

M – Medium

H – High

VH – Very High

Based on the following 4 considerations we look at the positive impact that each guest is making by staying here:

- **Transferability:** What percentage of the daily rates is allocated to conservation and community initiatives?
- **Removability:** What impact would arise if the property were absent? Are there alternative lodges in the vicinity that continue to make positive contributions?
- **Responsibility:** To what extent does the property handle management privately, and how much is overseen as a concession under a collaborative arrangement?
- **Fragility:** How vulnerable is the surrounding environment and community?
