THE ULTIMATE BUCKET-LIST ADVENTURE

Kenya offers fantastic diversity within relatively easy travel distances. The Safari Collection offers no better way to immerse yourself into the essence of a truly Kenyan safari.

Giraffe Manor is the ideal place to spend a night or two at the start or end of a safari. Overlooking Mount Kenya and within a world-class rhino sanctuary, Solio Lodge offers a variety of experiences including horse riding, game drives and walking. Heading further north into Samburuland, experience the super stylish Sasaab, one of the most authentic and beautiful cultural experiences in Africa. Moving west into the Laikipia overlooking the Ewaso Narok River valley, Siruai Exclusive Mobile Camp awaits, bringing an authentic, luxury mobile tented experience with it. Ending the circuit is Sala's Camp, one of the first camps to see the migration arrive from the Serengeti into the Mara.

The Safari Collection is family-owned and managed by fourth-generation Kenyans, Tanya and Mikey Carr-Hartley. With a lifetime of watching, listening and learning about the African bush, Tanya and Mikey share a mutual love of the Kenyan landscape and its wildlife.

The Impact of Your Stay

The Safari Collection firmly believe that we should tread delicately on our planet, leaving behind footprints made only by sandy toes. Their aim is to not only share the incredible natural wonders of East Africa, but to be passionate protectors of it. They created the **Footprint Foundation** to protect their environment and impact positively on the communities they work alongside.

Every stay contributes through:

- Staying at **Sala's Camp** and paying 2023: US\$ 115 per adult per night (US\$65 per child) & 2024: US\$ 145 - 245 per adult per night (US\$75 per child) Masai Mara Park Fees and Rhino Conservation Fee. The park fee helps safeguard the biodiversity of the Masai Mara and a donation is made to the Mara Rhino Rangers who are protecting this threatened species in the area around Sala's Camp.
- Supporting The Pangolin Project – the only organisation of its kind in East Africa. It promotes pangolin awareness through community education and has a research team based at Sala's Camp.
- Showing interest in the Mara Cheetah Project and Mara Lion Project, who are based at Sala's when they are in the south of the Masai Mara. There are opportunities for you to visit the project or to have dinner with, or a lecture from, one of their team about the research and conservation activities.
- Staying at **Sasaab** and paying US\$ 145 per adult per night (US\$77.50 per child) Samburu Park Fee & Westgate Conservation Fee, which contributes directly towards the running of Westgate Conservancy on which Sasaab is situated, as well as supporting the daily running costs of wildlife management.
- Sasaab employs 75% of their team from the local Samburu community, and your stay allows for the sustainable development of livelihoods to compliment the challenges increasingly faced by traditional pastoralist lifestyles.
- Sasaab has also been awarded an official certification as a Global Ecosphere Retreat by The Long Run. This is one of the highest sustainability standards in the world and signifies Sasaab's ongoing commitment to making a positive impact on biodiversity and the wellbeing of communities.
- Staying at **Solio Lodge** and paying US\$ 80 (2022) and US\$ 92 (2023) per adult per night (US\$60 per child) Conservation Fees which supports the running of Solio Conservancy and its rhino breeding programme, therefore directly helping to protect this highly vulnerable species.
- Giraffes are becoming highly endangered across much of Africa. Just by staying at **Giraffe Manor** you are contributing to the conservation of these gentle giants and US\$ 10 is donated for every stay to African Fund for Endangered Wildlife (AFEW) to support the conservation and breeding of endangered Rothschild's giraffes.
