

SONGA AND NYASI RELOCATION CHEAT SHEET

In an effort to ensure that our camps' locations offer the best possible guest experience throughout the year, two of our camps – Songa and Nyasi – will transition to updated, set locations in 2024. Nyasi will make its home in the Lamai Wedge in the northern Serengeti, while Songa will set up camp on our exclusive-use concession in the south.

To help our partners keep track of these relocations, we've compiled the following tables and map to highlight the camps' updated locations. 2024 will be a transition year, with the camps officially settling into their respective positions thereafter. We trust that this will assist in simplifying your safari planning. Should you have any further questions, please don't hesitate to email us at reservations@legendaryexpeditions.co.tz.
