WILD EXPEDITIONS Karangoma

Inclusive Delta

What we *LOVE*

INCLUSIVE

Partnered with local Bukakwe bushman clan and committed to conservation through reducing human wildlife conflict.

WILD

A true wilderness (30,000ha and 20km of Selinda Spillway) with abundant wildlife and wild safari experiences immersed in nature.

CONNECTED

A conscious move away from ostentatious luxury safari towards a meaningful reconnection with nature through removing unnecessary trappings of urban expectations.

CELEBRATING

From dipping in the Delta, sipping coffee around a morning fire to savoring a sundowner as the earth turns from the sun, Karangoma celebrates being wild again.
