# A New Chapter

## THE NEW LOOK AND FEEL OF DESERT LODGE AND DUNE CAMP

Wolwedans has always been a sanctuary of space, silence, and soulful connection. We are delighted to share our new look and feel for the next chapter of Wolwedans, starting with our recent interior refresh at Desert Lodge and Dune Camp. This journey has been guided by one simple compass: *"Of the Earth"*.

Working closely alongside our on-site team and local artisans, we brought every detail back into harmony with the Namibian desert. We updated our interiors with natural earth tones, raw textures, and local craftsmanship, while re-imagining our guest rituals, refining our dining, and elevating our visual brand details.

By weaving this ethos seamlessly across design, guest experience, and sensory detail, we are moving Wolwedans beyond being a traditional lodge and solidifying its place as a pioneering destination in conscious travel.
